

Megan  
Hyde

Megan Hyde, Leavenworth, Kansas, is a freshman at the University of Kansas. She participated in Girl Scouts for 8 years and was a member of Troop #479, Service Unit 693.

For her Gold Award, Megan provided a science room at Xavier Middle School with needed shelving and storage space. She solicited and obtained donations for the materials. She worked with volunteers to construct a shelving unit. She was glad to help make a new teacher at the middle school feel welcome.

"The look on her face was priceless and made the hard work put into the project worthwhile," said Megan.

Megan learned carpentry skills. Due to limited resources, she had to be exact in her measurements. She also learned about determination and perseverance.
