

Brooke Marston

Brooke Marston, Manhattan, Kansas, is a freshman at University of Colorado-Boulder. She participated in Girl Scouts for 12 years and was a Juliette Scout in Service Unit 704.

For her Gold Award project, Brooke made caps for women who lost their hair because of cancer treatments. She specially designed the caps for the women in hopes of helping them during a difficult time in their lives. The caps were donated to the Oncology Clinical Coordinator at Mercy Regional Health Center.

“My hope is that the caps will have a positive and uplifting effect on the women going through debilitating chemotherapy treatments,” said Brooke.

Through her project, Brooke drew on her leadership and communication skills to promote her project. She also used organizational skills to complete the project in a timely manner.
