

Kaycie  
Riead

Kaycie Riead, Blue Springs, Missouri, is a freshman at Northwest Missouri State University. She participated in Girl Scouts for 13 years and was a member of Troop #1064, Service Unit 645.

Kaycie wanted to spread the enjoyment she receives by volunteering, so for her Gold Award project she created a new website titled Voluntemp. The website connects individuals who are looking for volunteer opportunities to those organizations that have various and diverse opportunities available. The website provides a great community link and helps everyone see the difference they can make one project at a time. Through her project, Kaycie worked with non-profit agencies to design the site for easy user access.

"Through the new website, I am proud to have created something that connects projects to volunteers that fits their interests and schedule," said Kaycie.

Kaycie's Gold Award project helped her grow in her leadership skills including time management, goal-setting and organization.
