Ms. Jaelyn Libowitz, Chief of Staff
Girl Scouts of the USA
420 Fifth Avenue
New York, NY 10018-2798

Dear Ms. Libowitz:

This letter is in support of the Girl Scouts Forever Green Community Action Project, a nationwide effort to help the environment. The National Association of Secondary School Principals (NASSP) will alert its members about this campaign.

NASSP supports this project because:

- The campaign aligns with our emphasis on student leadership--one of our strategic objectives.
- The project will help improve the environment in general, and specifically can help improve air quality and water quality in the schools (indoors and outdoors).
- By reducing energy usage and water usage, schools can reduce their operating budgets.
- The project will be an excellent vehicle for engaging parents and the entire school community.

NASSP appreciates the Girl Scouts continuing participation as an officially designated local organization in the Prudential Spirit of Community Awards. Each year students from across the country are recognized for their service efforts. The Forever Green Community Action Project is another avenue for students to continue being active in their communities, making change happen, and furthering student involvement and leadership.

We are pleased to give our support to this important initiative.

Sincerely,

A handwritten signature in black ink, appearing to read "Gerald N. Tirozzi".

Gerald N. Tirozzi, Ph.D.
Executive Director
